

SEN. CUMMINS NEWEST MAN TO BOLT TAFT

SAYS HE WILL SUPPORT TEDDY
BUT WANTS NO THIRD
PARTY.

(By United Press.)

Des Moines, Ia., Sept. 3.—Sen. A. B. Cummins, candidate for the presidency at the National Republican convention, issued a statement today in which he opposed President Taft, said he will vote for Roosevelt and went on record as opposed to the nomination of a third party state ticket, in Iowa, at the state convention held here tomorrow which Roosevelt will address.

Cummins said he would vote for Roosevelt for president but added: "That it must be understood that I will do so, protesting against the organization of a new party and dissenting from some of the doctrines announced in his platform."

Cummins in his statements, said in part: "The renomination of Mr. Taft was opposed by an overwhelming majority of the Republicans throughout the country, partly because in his administration of the office of President he had not done and said the things which the great body of the people believed he should have done and said. A meager minority succeeded in renominating him and it is vital to know how it was accomplished."

His friends controlled the National committee. We have had for years a false vicious basis of representation in the National Convention through which Alabama, Arkansas, Florida, Georgia, Mississippi, South Carolina and Texas are the states that cast altogether in 1908, 270,631 Republican votes and had in the convention 204 delegates.

"If the convention which nominated Mr. Taft had changed the system in obedience to the popular demand, we might have had patience to wait, but as though waiting to furnish every reason for revolt, it attempted to fasten it still firmly upon us. If this were all we would be amply justified in overthrowing the system by refusing to accept the nominee, but this is not all. The system, indefensible as it is, was not enough to overcome the adverse majority in the Republican states, and therefore the committees and complaisant delegates, following them the convention, deliberately seated Taft delegates from Washington, California, Arizona and Texas who had no shadow of title to seats in the convention. I speak of these states because I have examined the records as to them, and have reached the conclusion after the most careful study and reflection."

HOOSIER GIRL'S DEATH A MYSTERY

(By United Press.) Indianapolis, Sept. 3.—Mystery surrounds the death of Myrtle Vincent, 24, who died in great agony following what is believed to have been a joy ride. Deputy Coroner Chappell today declared that sunstroke was believed to have been responsible, but no evidence of poison or external injury was found.

However, the woman's stomach has been taken to a chemist and is now being examined for traces of poison. Morris Walker, a friend of the woman, has been arrested and the police are searching for the big black touring car and the chauffeur who brought her home, after aiding her to alight, left her lying on the walk as he hastily departed.

Muncie, Ind., Sept. 3.—When Sergt. Joseph R. Finney, in charge of the army recruiting station, began examining Joseph A. Benson, who wished to become a soldier, he found that he was examining a living edition of religious works.

A world's geography reduced to the smallest amount of surface in the way of maps, and a farmer's guide, to say nothing of an art gallery of a kind, were also found. Among other things tattooed on the prospective soldier was the Lord's Prayer, inscribed in blue letters on his chest.

OHIO GETS A SLICE OF GOOD ROADS APPROPRIATION.

TEN THOUSAND DOLLARS
SHARE OF BUCKEYE STATE
IN BIG FUND.

(By United Press.) Washington, Sept. 3.—Ohio will share in the distribution of \$500,000 which Congress appropriated in the postoffice bill, to be expended by the Secretary of Agriculture in co-operation with the Postmaster-General "in improving the condition of roads to be selected by them over which rural delivery is, or may hereafter be, established."

Ohio's allotment for his experimental work in road building will be \$8,000, to which will be added \$2,000 more for maintenance. A letter has been prepared, to be sent to Governor Harmon, asking him to co-operate with the highway authorities in Ohio in selecting the routes to be improved and then notify the Office of Public Roads of the Department of Agriculture what has been done. In order to secure the \$10,000 it will be necessary for the state of Ohio, or some local subdivision thereof, to raise twice that amount to be added to the Government donation.

BIRDMEN GATHERING.

(By United Press.) Chicago, Sept. 3.—Alterations on the \$15,000 defender which is to represent America in the Gordon Bennett Aeroplane Cup race, Sept. 9, have been completed and the first trials of the aeroplane were scheduled today. Pilots began showing up and registering this morning and promoters of the meet declared that by Saturday, the "woods would be full of bird-men."

PLEADS NOT GUILTY.

(By United Press.) Boston, Sept. 3.—Wm. M. Wood, president of the American Woolen company today pleaded not guilty to an indictment charging conspiracy to plant dynamite to injure the cause of the textile strikers at Lawrence last winter. The indictment was in six counts. Judge Raymond of the Superior Court, at the request of Assistant District Attorney Thomas Lavelle, continued the case bail of \$5,000.

platform speeches. He said that there would be no formal speech on the whole trip. He prefers to speak extemporaneously. It is his intention to make some kind of speech at every train stop where people are waiting and so far the crowd has not been lacking. When the grinding of wheels and brakes indicates a stop, the Colonel takes a look from a car window, and if the prospect is inviting he steps to the platform. George E. Roosevelt, his cousin, grasps one shoulder to prevent the Colonel from leaning too far out and a stenographer leans over the other shoulder to catch what is said.

PRISON RIOTS IN MICHIGAN ENDED

(By United Press.) Jackson, Mich., Sept. 3.—By a resolution of the Jackson Prison Board of Control passed when the board met to discuss the recent riots that have taken place for four days at the prison, corporal punishment was restored to the prison today. For the first time since the riots began the prisoners were taken from their cells today and put to work in the factories.

While all seemed docile enough this morning, an extra force of guards has been stationed about the prison grounds and Warden Simpson has taken every precaution to quell any further disturbance. It is feared bloodshed may result if the prisoners again break out as the board of control voted the warden full power to take whatever steps he may deem best.

MARTIAL LAW DECLARED AT PAINT CREEK

FIRST TIME IT HAS BEEN IN-
VOKED IN HISTORY OF
W. VIRGINIA.

(By United Press.) Charleston, W. Va., Sept. 3.—The rule of the mine guard was suspended at least temporarily today when Gov. Wm B. Glasscock proclaimed martial law in the Paint Creek and Cabin Creek mining districts. The state troops have been in the territory for a month.

It was the first time that martial law was invoked in the history of West Virginia. The proclamation was issued at 6 o'clock. The Governor determined to issue the proclamation after a conference in which the destruction of railroad tracks, was discussed. It was reported that the tracks were torn up in many places along Cabin Creek.

Great quantities of ammunition, rifles and machine guns were confiscated by the state's soldiers today and many were arrested for carrying arms. The territory embraced in the proclamation is mountainous. It is about 20 miles long, extending from the Kanawha river to the Fayette county line and about eight miles in width. It includes all the territory between Paint and Cabin creeks and extending on each side of either stream. At least 50 mine operations are included in the territory.

Since last April a reign of terror has prevailed in the territory, marked by many clashes between striking miners and mine guards. Several men on both sides have been killed and wounded. Despite urgent requests Gov. Glasscock long withheld the proclamation of martial law although he prepared it more than a month ago. He sought to abate the trouble by calling upon the miners and guards to disarm. The miners have sought to have the mine guards removed by civil processes, but without avail.

SUFFRAGE HOLDS CENTER OF THE STAGE IN OHIO

USES PLACER'S SKULL FOR DRINKING CUP.

Paris, Sept. 3.—Drinking from a cup made from the skull of his fiancée is the way which a German student at Strassburg has adopted to keep the memory of her fresh. The fact is vouched for by the Abbe Wetterle, a famous French-Alsatian priest whose propaganda against Germany has won him several terms of imprisonment. He bought the grim relic from the student to add it to his "museum of German civilization" at Colmar.

The girl died a year ago in the hospital where the student worked, so that the latter had little difficulty in removing the head in the dissecting room. The abbe was put on his track by a jeweler who studied the skull which was brought him with rubies.

FRIENDS OF AMENDMENT CON- FIDENT OHIO WILL AP- PROVE IT TODAY.

(By United Press.)

Columbus, O., Sept. 3.—With good weather reported in all sections of the state, a big vote was expected today in the special election being held for the adoption or rejection of amendments to the Ohio constitution—42 in all. Advice from the large cities were to the effect that a large vote had been polled in the early hours. In some localities, particularly in Columbus, it was stated by many election officials that the voting during the first two hours exceeded that usually cast in general elections.

The good weather was expected to keep many farmers away from the polls, because most of them are behind in their farm work. On the other hand the almost universal tendency on the part of manufacturers to allow their employees to vote was expected to result in an unusually large vote in the industrial centers.

The opening of the polls saw the advocates of the amendments confident that practically all of them would be adopted. "I still predict that the initiative and referendum will carry by a majority of at least 200,000," said Herbert S. Bigelow, president of the constitutional convention. Leaders in the woman suffrage movement were also sanguine of success.

AT CLEVELAND.

Cleveland, O., Sept. 3.—Declaring that the extraordinary heavy special registration in Cuyahoga County augurs well for the proposed charter amendments, those who have been leading the fight for the amendments today declare that most of the 42 proposals will carry in the county.

While the leaders are not much in doubt as to the initiative and referendum amendments and all of the proposals affecting labor, they profess uncertainty as to the suffrage question.

AT SPRINGFIELD.

Springfield, O., Sept. 3.—But little interest has been taken here in the constitutional amendments. The feeling is that the working men almost to a man will vote for practically all of the proposed amendments. They seem to favor the initiative and referendum and the liquor license. It is not expected that over 50 per cent of the vote will be cast tomorrow. Woman suffrage seems due to defeat from expressions heard.

AT DAYTON.

Dayton, O., Sept. 3.—An intensity of interest has been awakened here within the last 10 days regarding the outcome of the proposed amendments to the state constitution and victory now is being predicted both by those who favor all or a great majority of them and also by those who are opposed to a great majority or all of them.

LIGHT AT CINCINNATI.

Cincinnati, O., Sept. 3.—Election statisticians at noon estimated that the constitutional vote in this city today would not exceed 60 per cent of the total vote cast for mayor last fall.

At 10 o'clock less than one third of the total vote had been cast, according to conservative estimates. The heaviest early vote was reported in the suburban district and the working men's residential sections.

Reports from Southern Ohio cities received here indicate that in many counties the interest was intense. In Montgomery county, including Dayton the voting was heavy from the time from the polls opened. Many believed that a record vote would be cast. The vote in Hamilton was heavier than expected, 25 per cent of the total being reported cast before 10 o'clock. Women were numerous at the polls, working in behalf of the suffrage proposal.

AGERTER HOMESTEAD DAMAGED BY FLAMES OF FIRE - BUG ORIGIN

Household Goods Belonging to Mr. and Mrs. George King Scattered About the Rooms and Then Ignited-The Work of Vandals.

The property known to Limaites as the Agerter home, situated at the northeast corner of Market and Charles street, immediately east of Baxter, was the scene Monday night of one of the most aggravating, malicious and unjustified acts of vandalism that has been called to the attention of local authorities for years. Unknown persons entered the house at some time prior to 9 o'clock in the evening and after ransacking the contents of the various rooms, scattered clothing, draperies and bed clothes about the floors, deliberately tore up valuable skirts and gowns and then after setting fire to the inflammable goods, disappeared.

The Agerter home had been occupied for some time by Mr. and Mrs. George King, who are now just completing a new home at the corner of Market street and Jameson avenue. Their silverware and most of their other most valuable belongings had already been removed from the Agerter home and was in places of safety at the home of their daughter, Mrs. W. L. Russell, on west Market street. Consequently the vandals who entered the house were unable to find any articles of jewelry or other valuables such as they were evidently in search of and to demonstrate their anger at being unable to find what they sought they littered the rooms with the remaining contents, committed other contemptuous acts and then set fire to the interior of the home.

The fire was discovered about 9 o'clock Monday night and the west

LYRIC THEATRE.

The Lyric Theatre opened yesterday to crowded houses despite the heat and counter attractions, and seemed to delight every individual in the large crowds and it would be strange if such an excellent vaudeville programme did not. Every act is worthy of being a feature, the result being one of those highly pleasing performances of the advanced vaudeville type.

The Seven Russells, singers, dancers and comedians, scored strongly with a highly pleasing minstrel first part, the harmony singing, combined with some excellent dancing, drawing hearty applause. Van Horn and Jackson were prime favorites in a sort of Cabaret entertainment. In addition some excellent singing, splendid pianoforte, and some very laughable comedy, which kept the audiences laughing heartily. H. L. Howard, in an act called "The Juggler's Dream" is a wonderful man, his feats of light and heavy weight juggling causing the audiences to wonder. George Hyland, character singer, pleased greatly with a very refined act, while Otto Steinert, and a novel act, assisted by "The Two English Idols," who by the way are two very pretty and charming young ladies, made quite a hit, the dancing of the ladies being very good, while Mr. Steinert contributes some laughable comedy. The Lyricoscope completes as fine a vaudeville program as is possible to see at popular prices. As the show made such a great impression yesterday, Manager Deardouff has wisely concluded to keep the company the entire week, to give every lover of good vaudeville a chance to see this splendid bill.

GREAT ALLEN COUNTY FAIR OPENS WITH A RECORD-BREAKING CROWD

TENTED CITY OF ATTRACTIONS ADDS INTEREST TO AT- TRACTION EXHIBITS.

If Monday's attendance and display at the Allen county fair is any criterion, the 1912 exposition of the products turned out by Allen county's honest sons of toil will be one of the most successful fairs in years. In spite of the fact that scores of other attractions perhaps more alluring, drew thousands to baseball games, parks and picnics, a stream of northwestern Ohio humanity poured into the grounds at the Lima Driving Park and were more than pleased with their expenditure of time.

While the very park Monday closely resembled a veritable bee hive of industry and thrift, the announcement was made that there remained a number of entries yet to be made and that the exposition would not blossom forth into full strength and regalia before Tuesday or possibly Wednesday. Agricultural products, corn, cabbage, pumpkins and other vegetables, live stock, household products, and countless other displays are on exhibition at the grounds, while scores of Lima's flourishing establishments and business enterprises punctuate the locality with attractive booths and test rooms.

A tented city of sights, pavilions of nature's freaks and educational side shows lend further strength to the amusement end of the fair, while the famous Kirk's Chevrolet vocal orchestra, adds spice to the program intermittently.

Much interest was manifested yesterday's races which finished as follows:

AMUSEMENTS.

ORPHEUM THEATRE.

One of the best novelties ever seen in vaudeville is on at the Orpheum for the first three days of this week. It is Gus Sun's "A Day at the Circus" and is splendidly presented. The first scene shows the wagon show coming over the hills and finally lands in town. The tents are erected and ready for the show. The second scene is the outside of one of the numerous side shows, while the Barker tells the crowd what they have in the inside and all for the same price of ten cents. The typical rube is prominent among the visitors to the show and furnishes amusement for the crowd.

The third scene opens in the big tent where a number of big circus features are presented. Among them is The Garcineth Brothers in a most wonderful acrobatic, bounding and hat juggling act. McFall's trained dogs also scored a big hit. A small chimpanzee furnished lots of fun for all.

Dave Vanfield proved a good entertainer with his clever juggling, while The Torleys presented one of the most sensational cycle acts ever seen in the city. They ride all sizes of wheels, finishing with a real sensation when Mr. Torley mounts an eight foot wheel with Mrs. Torley mounted on his shoulders. The

STOGIES HAVE CHANCE FOR SECOND PEG; NAILERS TODAY

By Winning Double Bills On Successive Days Home Guard Passes Three Teams

Once the habit contracted, it was a purely simple task for the Stogies to grab off double slates. Contracting the habit Sunday afternoon, the Wrigleyites repeated on Labor Day in a most refreshing manner, picking up both games by following the line of least resistance. The crippled Moulders made a show of opposition, but ere they could say Mr. J. Robinson, the Home Guard turned upon them and flayed them to a finish.

Barry McCormick was out of the lineup while Jap Nally was incapacitated early in the first game when Jimmy Burke plunged into second base feet first and cut down the clever little outfielder who had been subpoenaed for second base duty. In the first inning of the second game, Jimmy suffered a similar fate in sliding to a base, he lacerated his arm and shoulder and was prostrated by heat.

Though Schanze and Munk had worked Saturday afternoon in a gruelling double bill at Mansfield, both hurlers went back right willingly and had little trouble in seating the McCormickmen. In the first game, Kearns shaded Harry in the flapping, 9-7, but Rusty was found at the most inopportune of times and his abutments were anything but strong. Except in the fourth, when the Licking county men rallied and shoved across two, Harry kept the home plate clean of Newark oxfords.

Ralph Munk pitched a score or more of rings around Long Tom Hanley, New York Giant Prospective, in the curtain contest. Rusty refreshed by a single day's rest came back in sterling style, and buried them in closely, confining visitors to a mere quintet of bases, netting a measly count. He it credited to Mr. Hanley, his backing was very faulty. A trio of counts picked up in the setaway round rendered the Moulders rather starchy and thenceforth 'twas merely a question of how sorely the visitors would be beaten. The count flapped, 5-1.

Zeke Wrigley's well-proportioned ash did yeoman service in the fray though other players donned very loose batting toggery for the afternoon.

By winning yesterday's brace, the Wrigley people passed both Newark and Chillicothe in the race and are now heeling the Ironmongers for second place with but three and one-half games behind. The Nailers open here today for a set, and

the home boys have a robust chance to knot up the situation.

Davis Quits Naps; Birmingham Boss

(By United Press.)
Cleveland, O., Sept. 3.—The Cleveland Naps under their new manager, Joe Birmingham, will go to Ft. Wayne tonight for a game tomorrow with the champions of the Central league. Either Pitcher Rolfe recruited from the Carolina League or Mitchell will twirl Adams will catch.

EVEN SPLIT HERE.
Mansfield and Ironton broke a double header yesterday. Red Whalen kept up his terrific batting with three hits.

KAHLER LOST A GAME.
Krum Kahlert lost to the lowly Browns at Cleveland, yesterday, allowing 7 hits in the two innings he officiated. He was derrickered after the damage had been wrought.

IRONTON HERE TODAY FOR IMPORTANT SET

Piloted by a determined leader who is set to put up an aggressive fight, the Ironton Nailers with Peggy Moore in charge, rolled in today for a three-game series during which time second place will be contested. The first of the set billed for this afternoon.

SUNDAY'S GAMES

Aided by the sterling box work of Messrs. Clark and Railing, the Stogies swiped both games of a double bill staged at Grand avenue and Metcalf streets, Sunday afternoon. Clark hurled the locals to victory in the first, blanking the Moulders by holding them to four scratch hits. But one bona fide hit was gotten from him.

Rube Boehler opposed him, but was wild, his two wild pitches scoring Burke after Jimmy had strolled.

Though a trifle wild in the after-math, Tom Railing had his foolers working to perfection despite the fact that he had pitched but two days before. Tom went Clark one better, only three hits being gathered by the McCormickmen. Their one run was the result of a walk.

On the other hand, Mr. Scott was the easiest kind of music for the locals and threw waltzed home with a 7-1 triumph. Frank Nesser led in the bingling with two singles, a brace of doubles, three runs and the driving in of three other runs. Daubert cut in with a pair of swipes which helped materially.

M'GRAW WISE MANAGER IS LOOKING INTO THE FUTURE

John J. McGraw is now centering his attention on the one and only department of the new Giant machine that may give him concern in the future—the pitching staff. With the arrival of two recruits, he now has nine or ten whippers sitting on the bench—probably the largest number he ever carried so late in the season—and he has strings on as many more out in the "sticks" while his scouts are still looking for others.

The time-tried twirlers now with the club are Mathewson, Marquard, Ames, Wiltse, Crandall and Tesreau.

REMEDY

Prescribed by Chinese
Doctor in Seattle

BELIEVED TO HAVE CAUSED
THE DEATH OF PROMINENT
NEW YORK SCULPTOR.

ROMANCE IS UNCOVERED
BY THE UNUSUAL TRAGEDY.

AUTHORESS, WHOSE IDENTITY
IS HELD SECRET, WAS
TRAVELING WITH POTTER.

(By United Press.)
Seattle, Wash., Sept. 3.—While the chemists are busy making their analysis of the Chinese herbs, which may have caused the death of Louis Potter, the New York sculptor, Lee Hang Chow, the "doctor," who prescribed the medicine, tonight is safely secreted by his friends, and has thus far avoided detection. The police, however, maintain that he has been unable to get out of town.

Much depends upon what the chemical examination will reveal. A murder charge against the Chinese physician will probably be lodged if it should develop that Potter was given a poison obtained by the brewing of roots of a Chinese sacred peach tree.

The coroner has no direct evidence as to the cause of Potter's death. The latter came here about two weeks ago with an unidentified woman and registered as "Mr. and Mrs. Percy." His death revealed a romance of many years standing. The woman, who is well known to the Potter family, is about 18 years of age and has known Potter practically all his life. She is an authoress, whose name is withheld by the authorities until her testimony should be required upon the arrest of the Chinaman.

She traveled with Potter in Europe, British Columbia and Alaska. It is said, in British Columbia Potter was advised by some woman to consult a Chinese physician for a skin trouble with which he was afflicted. For this purpose, he came to Seattle. He paid \$300 for the herbs and was to have paid \$300 more last Wednesday however he showed symptoms of abnormal weakness, and early Thursday morning died before two American physicians, who had been summoned by the woman, could reach his bedside. The woman was so distracted with grief that she collapsed and is on the verge of nervous prostration.

PALE AND SICKLY BOYS AND GIRLS

Youth is the time to lay the foundation for health. Every boy and girl should have plenty of pure, red blood and strong nerves. With thin, impure blood, they start life with a handicap, too great to win success and happiness. Pure, red blood means healthful growth, strong nerves, a clear brain and a good digestion. **LAW** word pure blood is the foundation of health.

The pale, irritable boy or girl, who has no appetite or ambition, is sleepless, always tired out, melancholy, short of breath and who does not grow strong, is the victim of bloodlessness, the greatest enemy of youth.

There is just one thing to do for these boys and girls—build up the blood with Dr. Williams' Pink Pills for Pale People. You can't afford to experiment with unproven remedies. Through neglect or wrong treatment anemia gradually develops into the pernicious form which is incurable. Dr. Williams' Pink Pills work directly on the blood, cleansing it and giving it just the elements which it lacks. As the pure blood goes everywhere, the entire body, every nerve, muscle and tissue, shares in the health-giving properties of the pills.

Mrs. C. P. Hanvill, whose address is R. F. D. No. 2, Milan, Ohio, says: "I had been almost an invalid for years and was thin from my girlhood. I was anemic and my blood was turning to water. My heart troubled me a great deal and would beat so fast at times that I could hardly stand it. I became very weak and thin and was reduced in weight from 130 pounds to 90 and my complexion was yellow. My family and friends thought I was going into consumption. I was in bed for six weeks at one time and was unable to do my housework for over a year."

"I was told by a doctor that I was suffering from anemia and could live only a short time if I did not get help. I decided to try Dr. Williams' Pink Pills and soon began to have an appetite. It seemed as though I could not eat enough. My strength gradually returned and I had a good color. I gained 30 pounds in weight and have been well since."

A free booklet, "Building Up the Blood," will be sent on request. Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

STILL ACTIVE.

LADY FRANCIS COOK.

London, Aug. 31.—Lady Francis Cook, pioneer in the woman's suffrage movement, now nearing the seventieth milestone, is among the most active of those who are promoting eugenic principals in England. In expressing her views on the subject Lady Cook said: "I do not agree with those eugenicists who would sterilize the unfit. We must make sure that only the fit are allowed to be born, and that can only come by inculcating a reverence for fatherhood and motherhood, not by foolishly allowing children to grow up acquiring their knowledge of the temple that was not built with hands." The body in a promiscuous manner. Then you would not have your streets filled with degenerates and the unemployed. "I believe in early marriages. Let the men now domestic out instead of wild out. There are thousands of men that know that their mothers are their best friends, and those are the sort of men we want. When we can get enough of them, the woman question, as it is called, will be solved, for no true man believes for a moment that his mother, his wife, or his sweetheart is one who is less capable of playing her part in the world than he is."

SOCIALISTS PLAN A BIG DEMONSTRATION

(By United Press.)
Lynn, Mass., Sept. 3.—Lynn Socialists, who have been raising a fund for the defense of Joseph J. Ettor and Arturo Giovannitti, who have been in the Essex county jail for over half a year on charges of accessories to the killing of Annie Luppice, a Lawrence striker, tonight announced plans for a big demonstration during the trial which starts early next month. The demonstrations will be of the kind that occurred during the Meyer-Haywood-Pettibone trials in Montana. Beginning a week from Tuesday, a parade will be held every day at Lynn, Salem and other cities. Ettor and Giovannitti will be tried in Lynn. Forty or more prominent socialists of New England will be in attendance daily at the trials.

OUTSIDE OF THIS— HE'S A NICE MAN

(By United Press.)
Central City, N. J., Sept. 3.—Fearing that his wife might get the divorce which she was making a point of securing, after two months of married life, C. O. Dunsinger, a tailor, made a vicious assault on her and her attorney James Stroud, with a hatchet.

Dunsinger probably fatally wounded his wife and injured Stroud severely, then went back to his tailor shop and set fire to it. Not satisfied he tried to hang himself and when he was unsuccessful attacked himself with a hatchet and had almost ended his life when the officers arrested him.

No operator must appear for work in the future with powder on her face.

New York, Sept. 3.—Only fancy what a fuss that started in the Flushing, L. I., telephone exchange when the hello girls came trooping on to do their little turn yesterday. Dear little noses so often dabbed with the dainty puffs pointed skyward in sauciness; every girl passed the manager's desk with an hauteur of princesses—just like Mary Mannerling or Maxine Elliot would do you know, to the villain in the play.

"Why, it will be simply impossible to obey such a mean, miserable order," cried one pretty girl. "The way we have to sit all the time, you know, staring right into the polished nickel band around the mouth piece. Why a girl knows right away just the second her nose begins to get a bit shiny and—well, you just can't help reaching for your powder puff." "There'd be some sense in an order forbidding us to wear pink cotton in our ears, but what's powder got to do with hello service?" demanded another girl. But the manager says that it has passed from powder to rouge in many cases, and "made-up" girls simply will not be tolerated and that the order will be enforced. The girls were so angry yesterday that for some time they couldn't answer calls.

CROWDS FLOCK TO THE EXHIBIT

OF THE HOOVER AND BOND
COMPANY SHOWING LATEST
IN STOVE CONSTRUCTION.

In harmony with the general
progressiveness of the firm, the
Hoover and Bond company have an
exquisite display in the Art hall at
the county fair this year, which af-
fords the thousands of citizens of
Allen county attending the fair to
gain a better acquaintance with the
characteristics of this quality
store.

The display offered this year by
the Hoover and Bond Company is
specialized in stoves, ranges, kit-
chen cabinets and rugs, the space
being limited in the Art hall, and
these features being considered of
the most interest at this season of
the year.

Included in the exhibit is the
famous Royal base burner, for
which this enterprising firm has the
agency of Allen county, and in
stove production the "Royal" base

burner stands second to none, and
in fact has no equal, possessing in-
dividual qualities of rare merit.

The "Florence" hot blast is the
famous heater which holds the at-
tention of every one in demonstra-
tion with no soot or clinkers, is no less
than wonderful.

The "Boone" kitchen cabinet is
another feature of the exhibit, and
there is not a single housewife who
sees this essential factor of a com-
plete kitchen, that does not want
one immediately.

Lending variety to the exhibit,
and at the same time showing one
of the prettiest features in the art
hall, is the display of a rare selec-
tion of rugs in oriental and floral
patterns, which cannot be excelled
in the markets.

Upon entering the east entrance
of the Art hall, one cannot fail to
be attracted to the Hoover and
Bond booth on the left.

The exhibit is completely rounded
out with a display of lighting fix-
tures, featured with the special
finish fixtures. This firm handles
the most complete line of lighting
fixtures, gas or electric, or combina-
tion fixtures, in the city.

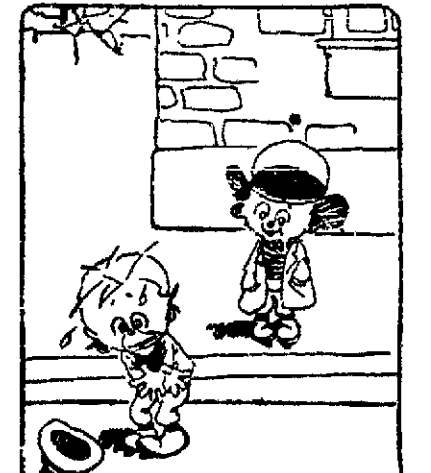

The booth is in charge of Mr.
J. I. Pratt, the genial advertising
manager of the Hoover and Bond
store, and it is a pleasure to him
to demonstrate the various features
of the exhibit.

MANY ARE KILLED IN A WIND STORM

(By United Press.)
Pittsburg, Penn., Sept. 3.—
Thirty-six persons are known to be
dead and 11 others are believed to
have perished during the storm
which swept Western and Northern
Pennsylvania, the panhandle dis-
trict of West Virginia and a section
of Ohio Monday.

The monetary loss cannot now be
estimated. All small streams left
their banks through a wide terri-
tory, and transportation in all di-
rections from this city was stopped.

After 24 hours of hot weather
the storm broke last evening. In
addition to an extraordinary rain-
fall, the electrical features were
most spectacular.

Within a short time water had
washed many railroad tracks in
many places and sent tons of earth
from surrounding hills, making all
thoroughfares in the flood zone im-
passable.

During the night this city experi-
enced the storm. The suburbs suf-
fered severely, cellars being flooded,
street cars crippled and wire ser-
vice prostrated. In a number of
Western Pennsylvania points people

became panic stricken. At New
Castle, Pa., churches were dismis-
sed by ministers when announce-
ments were made that a flood was
headed for the town.

AMERICANS ARE PROMISED
 FULL PROTECTION IF AN
 OUTBREAK OCCURS.

(By United Press.)

Washington, Sept. 3.—Although 1,800 American marines and sailors in Nicaragua are believed to have the revolution under control and 500 more are enroute tonight from Panama to Corinto on the Cruiser California, state department officials will keep in constant communication with the troubled Republic. For the next few days at least they plan to pursue a policy of constant vigilance. As fast as telegrams arrive "from the front" they will be studied and their contents transmitted to President Taft so that immediate orders may be issued if necessary for the dispatch of more forces.

Acting secretary of State Huntington Wilson has cancelled all programs and will remain in Washington to keep in touch with the situation.

A force of marines landed at San Juan Del Sur today to protect Americans and the cable station there and will remain for some time to see that communication is kept open. The gunboat Denver is standing off the harbor to assist if trouble arises.

The cruiser California expected to reach Corinto within twenty-four hours and her force of 500 marines will be landed and sent by rail to Managua, the capital. Latest reports indicate that the marines under rear admiral Southard have sufficiently repaired the railroad line from Corinto to Managua to be within striking distance of the capital.

GRAND OPENING

Auditorium Dancing Academy, Wednesday evening, September 4th. Great Saxophone Orchestra. 9-13t

Playing Fair.

HAVE you ever noticed the difference between a man and a woman discharged from a position? Ever stop to listen to the reason the man gives for having severed his connection with the concern for which he worked, and listened as well to the complaint of the girl or woman who was "let off?"

There is a study in it. It is a study that shows in a way wherein the man discharged, whether or not for good and sufficient reasons, holds no malice toward the firm and strikes out to get a new position, with no malice in his heart. The average young woman who loses a position loses a week or two in telling the secrets of her former employer, gathering those secrets from letters of a private nature that had been dictated to her or from telephone conversations she happened to hear. The man goes right ahead and gets another position, blaming as a rule no one but himself though possibly admitting his firm was a little bit too strict. The woman who has nosed into the private affairs of her employees and who has peddled it to friends and acquaintances usually has a story to tell. She seeks a position and her employer to be, to all appearance, asks where she formerly worked. She does not hesitate to tell him and incidentally she plunges into a story of how the members of the firm she formerly worked for could not get along together; that one of them accused the other of drinking and at one time had said something about a woman that was conversing over the telephone too frequently; and a little bit added from the wife of one of the members of the firm who thought the wife of the other member was indiscreet or she would not come to the office and insist upon inspecting the mail.

The result is the woman doesn't get the job—gossip beat her out of it. And then she says the game of life isn't fair.

The man worker as a rule plays the game fair. If he is fired, he asks why. He is told. That quits it. He goes to another position and while there may be some rankling in his breast, he keeps his mouth shut and delivering the goods makes even the men who discharged him sorry, or at least leaves them wondering if they haven't made a mistake in dismissing him.

But the woman's first cry is they "didn't play fair" and she has more gossip than one little head ever dreamed of when she does secure a new position.

"Playing fair" in business, in home life, is one thing, but an old adage to the effect that a still tongue and a wise listener are most to be praised ought to be foremost in the mind of the person who is discharged from any position.

If the report of a New York banker to the effect that he made \$1,000,000 while confined in jail is correct, then we might as well get ready right now to enlarge the jails.

In this land of the free and home of the brave you, as a private citizen have a perfect right to guess the outcome of the present administration.

They are talking of advancing the price of haircuts. It would not hurt to raise them a nickel if there was any assurance a man could escape from a barber shop without having to spend a dollar for a massage, shampoo, shave, manicuring and a shine.

Many a man who claims to be a good citizen often points his house such a color that it seems to want to fight all the other houses in the neighborhood.

THE ROYAL'S 3 REEL FEATURE TODAY!!!

LUCILLE, the 3 reel film which Limantes have been awaiting with so much anticipation, is at last to be exhibited at the Old Reliable today.

The film scarcely needs explanation, but for the benefit of a few who may not be familiar with the story, a brief synopsis is here given.

Lucille, the Countess of Never was so lavish in her affection toward the Lord Alfred Vargrave that he, weary of this, they quarreled and finally broke their engagement. Some time afterwards, when he called upon her to return her letters, he was impressed by her beauty and asked forgiveness. This was granted, but when he afterwards found her in a compromising position with the Duc de Luvois, he imagined that she was guilty of deceit, hastened to the home of Miss Darcy, one of her rivals and they were married. Lucille, disappointed for something she was not guilty of, enters a nunnery.

Then follow the growth of his children to manhood, the meeting of the niece of the Duc, the breaking of their engagement by the Duc, the dispatch of the Duc (a French general) and the son of the Lord (a Lieutenant in the English army) to war, the wounding of the son, his being nursed by Lucille, her learning of his secret, her visit to the Duc, his consent to the marriage, thru the entreaties of his former friends, and the return of Lucille to the convent.

CANTON—Rev. C. A. Goodrich brought out the "stay at home" by serving free lemonade after his sermon.

Misses Marguerite and Mildred Whistler have returned from two weeks' visit in Piqua.

On Sunday, September 3rd, Mr. Paul Ashton, son of Mrs. Caroline Ashton, of 130 South West street, and Miss Stacia White, daughter of Mr. and Mrs. J. J. White of 129 West Elm street, were quietly married in Toledo. Immediately after the ceremony, the young couple left for a honeymoon trip on the lake, following which they will return to this city to make their home with the bride groom's mother.

Both young people are widely known among a large circle of friends, to whom their happiness is of keenest interest. The bridegroom is an attaché of the Lima Gas Light company, and the young bride was, before her marriage, the private secretary of L. S. Furnas, of the Sherr-Ruffle company.

A party of ladies to see "The Spring Maid" at the Faurot, Monday afternoon, consisted of Mrs. A. W. Roberts of West Spring street, and her guests, Mrs. J. E. Mullen and Mrs. H. Barkimer of Columbus Grove. Mrs. Roberts entertained the ladies at dinner, following the matinee.

Mr. Harry Long and daughter, Miss Ruth, of Dayton, O., were over Sunday guests at the home of Mr. and Mrs. E. R. Gallagher and family, of West Spring street.

Mrs. John Bruce and family and little granddaughter, Katherine Sealts, of 222 East Vine street, returned Monday, from a visit with Mrs. Bruce's daughter Mrs. Walter Starner of Toledo.

Mrs. Harry Whistler, of south West street, Monday, from a visit with relatives at Toledo Beach.

Miss Etta Foulks, of 419 Washington street, is enjoying a two weeks' visit with friends at Mansfield.

Mr. and Mrs. J. H. Upp and daughter, Miss Marie, of 233 south Collett street, have returned to their home after a fortnight's visit at Sandusky.

Sharing the Family Income

Eight actual experiences in sharing the family income are related in Harper's Bazaar for September. Here is one of them, given because it will naturally interest all husbands and wives:

"My husband and I believe we have the ideal arrangement in regard to our income. We have been married eight years and think that much of our happiness has been due to our partnership in financial matters. My husband is a lawyer and part of the time his income has been irregular and uncertain, but half of all the money, above office expenses, has been handed over to me. The first year our income amounted to \$1,200; the second year, \$1,500; the third year, \$1,800; fourth, fifth and sixth years, about \$2,000; and the seventh and eighth years, \$4,500.

"We each have a separate bank account, and out of my half I pay the grocery bill, laundry, electricity, gas, mail (if any), and all my own clothes and personal expenses. I also pay for the furniture unless my husband wishes to make a present to the household. He pays the rent, heating bill when in a house, all car fares, theatres, traveling expenses, extra dinners at a restaurant, and all his own clothes and personal expenses.

"While my husband takes an interest in his home and enjoys it thoroughly, he does not feel any of the anxiety or worry connected with its management, and I enjoy greatly the management of my share. Last year I saved enough out of my part to buy the lot for a summer cottage. Together, in the eight years, we have saved \$3,000, so I think I lay claim that this plan pays financially."

THE WIFE AS MANAGER.

Editor News:

Experience is the best teacher and I know that a couple can live in Lima and live well on \$65 a month. Usually a woman does the planning and saving and must be willing to do her own work. I do all my own work and save money on \$65 a month. A good house of five rooms, modern except bath, within five blocks of Public Square, on Scott street, in a good neighborhood can be had for \$12 a month. Other expenses are as follows:

Rent		\$12.00
Groceries and Meats		20.00
Fuel		5.00
Wife's Clothes		5.00
Husband's Clothes		5.00
Amusements		1.00
Incidentals		10.00

Total \$58.00

Sixty dollars a year, for each husband and wife will buy and receive one's clothes. Fuel is one of the greater expenses and cannot be had under five dollars a month, on an average. Donations to churches, medicines and all incidental expenses come under the incidentals amounting to ten dollars a month, leaving a balance of seven dollars a month for the loan.

W. L. Parmenter

Discusses the Situation

BELIEVES MOST OF THE STRAYED SHEEP WILL RETURN TO THE FOLD.

W. L. Parmenter, chairman of the Republican State Central Committee returned to this city Monday after an absence from the State for two weeks on a vacation trip with his family.

When asked by The News to express his views on the present status of the campaign, he said:

"I have endeavored to keep in touch with political conditions in Ohio during my absence. I heartily approve of the vigorous manner in which Chairman Harry M. Daugherty has taken up the organization work, and his course is certain to meet the approbation of all who have the success and welfare of the Republican party at heart.

"The conditions this fall are unusual, and they require skillful management such as a courageous and fearless leader like Mr. Daugherty can command.

"While we regret to see a few of our former party associates allying themselves with the so-called Progressive party, and toward them we entertain no ill will, the fact yet remains, that the fight this fall must be made along Republican lines, for Republicans and by Republicans.

"If at the present time the political sky may look a little cloudy to the timid, and the slight dim made by certain of our former friends in removing their political feet from the firm soil of Republicanism, and placing them in the mucky and sandy soil traversed by the Bull Moose people may make some people feel a slight political tremor, I am confident that by the time the squirrel is gathering his supply of nuts for winter use, and nature is covering the good earth with the falling leaves to protect it from the coming frosts, you will see our friends gladly returning to the home bosom of their old party, and joining with us to save this State and Nation from any chances of a chill to prosperity or destruction of legitimate business by a return to power of our old time enemy, the Democratic Party."

W. W. Durbin, of Kenton, was Monday afternoon by the Congressional Committee of the Eighth District. The nomination was unanimous, no other names being presented to the committee.

Durbin was Chairman of the State Committee during the first Bryan campaign. He was elected delegate to the Baltimore convention as a Wilson delegate. Four years ago he was candidate for State Auditor.

At the meeting Monday several of the men who fought Durbin at the May primary assured him their hearty support, and they predicted his election. In accepting the nomination he predicted the election of Woodrow Wilson and Congressman Cox and promised to make the hardest campaign ever made for a candidate for Congress in Ohio.

THOMAS COMPANY
Gives Interesting Speed Demonstration at County Fair.

One of the features of Monday's county fair program was the speed demonstration given under the direction of the Thomas Motor company of this city by Dale Armetrout in a Page roadster. Several hundred people saw the Lima "dare-devil" circle the half-mile track four times in two minutes and fifty seconds, one of the fastest times ever made on the track. Armetrout's fastest half-mile was made in 37.34 seconds.

NEW BALLOTS BEING VOTED AT THE POLLS

LIGHT VOTE THROUGHOUT THE COUNTY ON THE CON CON PROPOSALS.

The vote that was being cast throughout the day Tuesday at the special election held for balloting on the 42 constitutional amendments proposed by the recent constitutional convention, was even lighter than the vote cast at the primaries in the spring, it being estimated by the election officials that not more than from one-half to two-thirds of the vote of the city and county was being cast.

The regular judges and clerks of election were in charge of the various voting polls throughout the county and the work of tabulating the returns will be done as rapidly as possible but it is doubtful if the official returns will be available before Thursday. It will be tedious, slow work for the clerks and judges to count the ballots as there are no straight tickets to be counted from this election. Each ballot will have to be read over separately.

It is believed that the only amendment proposals that will carry in Allen county are possibly the ones providing for the abolition of capital punishment, the liquor traffic license, the Initiative and Referendum and probably some of the labor amendments. The women's suffrage amendment is not expected to carry in this county.

ATTENTION COMRADES.

You are requested to meet at Memorial Hall, September 4 at 9 o'clock a. m. to attend the Allen county fair. All veterans are invited to attend the Fair on Wednesday. Come boys in blue and join us.

Men and Matters

Mr. Roy Gregg, of the R. T. Gregg & Co., left Monday morning for Detroit, Michigan where he will attend the annual convention of Beta Theta Pi fraternity, which meets in that city during this week.

A card today from William J. Wemmer, who is touring his native heath, shows the well known Limaites in Nornberg, and of the city. Mr. Wemmer writes: "This is one of the most interesting towns in Germany. For Art and History it has but few equals." The Wemmers will spend all of September on tour and sail for home early in October.

Yesterday initial attraction at The Faurot drew two big audiences and the bookings of Manager Cunningham for the early days include some mighty artistic attractions, among the early ones being "The Littlest Rebel" and Eddie Foy, that ever popular favorite, in "Over the River." The Faurot stage and dressing rooms have been remodeled during the summer months and present a neat appearance.

Miss Ruth M. Parrett, of 714 West North street, society editors of the Times-Democrat, returned Monday evening from Greenville, Ohio, where she enjoyed a two weeks' vacation at her former home.

Frank Eberhart, secretary, and C. H. Donaldson, membership secretary of the Lima Y. M. C. A., returned last evening from Columbus and Camp Budd, Ohio, where they attended the state conference of Y. M. C. A. secretaries. The conference was held at Camp Budd, the Association's state camp ten miles north of Columbus. Y. M. C. A. secretaries from over the state were present and a helpful and enjoyable conference was held.

Miss Lura Bateson, stenographer at the Progressive Association's office suite in the city building, returned Monday evening, from Columbus where she enjoyed a week's vacation at the fair and centennial.

City employees were tendered their monthly and fortnightly stipends, Tuesday morning, pay day falling one day late on account of a holiday. The pay roll this month amounts to \$6394, a slight increase over last month. The largest increase is in the water works department. Here the pay roll runs \$1,954.00 fully \$500 in excess of that of July. To the employment of labor in the laying of new water mains, the increase is attributed.

TAG-DAY—THURSDAY SEPTEMBER 5 BENEFIT LIMA HOSPITAL.

VERY FEW ARRESTS

Made by the Police on Labor Day and First Day of Fair.

The police Labor Day harvest was quite depleted, only three drunks appearing before Mayor Shook this morning. While several fights were reported in various parts of the city, these were only of a trivial nature and the principals escaped before the arrival of police detachments.

Of the trio, two were repeaters. Bill Kennedy and John Crane were fined \$5.00 and costs each for "coming back," while Aaron Hitchcock, a first timer, got the minimum.

SMILE POLISH A LIMA PRODUCT

"SMILE AND THE WORLD SMILES WITH YOU." SEE IT AT THE FAIR.

The Smile Manufacturing Co., who make Smile Metal Polish, Smile Piano Gloss, and Smile Water Tight have a neat display in The Art Hall at the fair.

The Smile Mfg. Co., is one of Lima's newest industries, they having established their factory at 459 N. Main St., about Jan. 1st, this year. Their products are rapidly gaining favor with Lima people and practically every dealer in the city handles their line.

Smile Metal Polish, is favorably known as the Automobiles' Friend because of its quick action and the ease with which it works, it prevents rust and is more economical than any other polish. Smile Piano Gloss is unequaled for cleaning and polishing Automobiles, Carriages, Pianos and all kinds of varnished surfaces. It certainly saves time and money, leaves a magnificent lustre when thoroughly polished and will not cause the varnish to crack.

Smile Water Tight stops leaks instantly in Automobile Radiators and protects the delicate interlining from mineral effect of different water.

Do not forget to call for Smile products, because they are without doubt the best for their various work, that can be made.

OIL PAINTING OF GREAT MERIT

DISPLAYED BY HOLM DECORATING COMPANY DRAWT ATTENTION OF CROWDS.

The Holm Decorating Co., of N. Elizabeth street, has one of the neatest and most artistically arranged booths in the Art Hall at The Allen County Fair.

In the ground floor booth, there is displayed the wonderful painting in oil done by Mr. Karl Holm. Mr. Holm recently refused an offer of \$600 for this picture, and its worth has been established inasmuch as many of the best known art critics have commented favorably upon its excellence of outline and light. The Holm Decorating Co. are widely known as Lima's Home Beautifiers and most of their sketches for interior decorations are copyrighted.

Visitors to the fair should not fail to see the display in their booth in the Art Hall, as well as their large display on the second floor.

HOW TO HAVE A BEAUTIFUL COMPLEXION

One of our lady readers who found that her skin was becoming harsh and dry from the use of powders, rouge and creams, sends us the formula below. She states that the simple, harmless, and inexpensive lotion made therefrom softened her skin, and so greatly enhanced the beauty of her complexion that she has entirely done away with all other preparations which she had been accustomed to use. This lotion can easily be prepared at home or by any good druggist. It calls for two ounces of Rose Water, one drachm Tincture of Benzoin, and two ounces Flowers of Oxizin. Mix together and apply night and morning with the hands or use a soft cloth or sponge. Always shake well before using. Our obliging correspondent asks that her name be withheld for personal reasons, but nevertheless gives us the permission to publish her letter for the benefit of other readers. She adds that this formula was given her by a woman 65 years old whose youthful complexion and almost total absence of wrinkles were a source of wonder and admiration to all who knew her.

Brown's Name Stricken From Eligible Lists

The Daily News' exposition of the workhouse and criminal career of Oliver Brown, erstwhile special patrolman and first candidate on the civil service eligible list for patrol service, was vindicated by no less a person than Safety Director Blank himself, Tuesday morning, when the police head announced that he had investigated the charges against Brown made by the News and found them to be warranted.

Shortly afterwards, Brown's name was stricken from the safety director's eligible list. Although rumors and charges have been flying thick and fast for several weeks during part of which time Brown was doing patrol duty, they were not investigated until a few days ago. The investigation substantiated the charges made in this paper.

Throughout the investigation, the erstwhile patrolman denied that he had been an inmate of the Toledo workhouse for several months. He was sent to the institution for cruelty and non-support.

As a result of the disclosure, there remains but one name on the civil service eligible list. Three vacancies exist in the police force.

BRENTLINGER

ARRESTED FOR SIXTH TIME ON CHARGE OF SUNDAY SELLING.

For the sixth time this year, Eli Brentlinger, saloonist at the C. H. & D. railway and Wayne street, was arrested, Monday morning on a charge of Sunday selling. Police claim that Brentlinger was caught selling liquor on two different occasions, Sunday afternoon. Brentlinger gave bond in the sum of \$500 and will have a hearing some time this week. Attorney John Klatt was retained to defend him.

Five other convictions on the charge in mayor's court have been appealed.

Lecture By Mme. Jeanne Savarie On "Leading Styles for Fall and Winter" Faurot Opera House--Tuesday Afternoon, Sept. 10th

Illustrated By Paris and American Creations Worn By Living Models

Mme. Savarie has had extraordinary opportunities to study at first-hand the work of the most famous fashion-creators.

For many years she was the owner and publisher of "L'Art de La Mode."

She is now in charge of the Paris aFashion Bureau of the great Wooltex organization, supplying fashion information to the foremost American makers of women's wear.

She tells her story interestingly and entertainingly, with a charm and personality that is all her own, and gives her audience information that is both valuable and authentic.

Mme. Savarie looks at Paris fashions through the eye of broad experience and intimate knowledge. She sees much that is beautiful in present tendencies, and a great deal that is too extreme to be at all practical for American women.

We are bringing Mme. Savarie here at great expense, and we trust our customers will be greatly benefited by her lecture.

Tickets Without Charge

Tickets for this lecture may be had without charge by application to our Ready-to-Wear Dep't. You are most cordially invited to secure one of these tickets, as this is a lecture that no woman interested in the art of dressing well should miss.

SPECIAL

Message From the President To Congress

WILL BE READY WHEN THE SOLANS AGAIN CONVEENE AT WASHINGTON.

WILL DEAL WITH TREATIES WHICH WERE TURNED DOWN.

ARE EXPECTED TO PUT AN END TO REVOLUTIONS IN LATIN-AMERICA.

(By United Press.)

Washington, Sept. 3.—The Revolution in Nicaragua with its attendant troubles and expense to the United States government, is becoming known today, is furnishing President Taft a lot of new material to be used in his fight to have the Senate ratify the Honduran and Nicaraguan loan treaties. Just as soon and congress reassembles he will send in a special message asking for action on these conventions. The President will contend that if action had been had on these measures there would have been no outbreak in Nicaragua, and that if they are put into effect they will insure peace and safety to American interests in the countries for years to come.

The treaties were up in the Senate for consideration a year ago. Objections then of Senators who claimed that the pacts were merely designed to give certain Wall street interests an opportunity to exert influence and power over Central American affairs at the expense of the government prevailed with the result that the treaties were allowed to slumber. Considerable objection was heard to the so-called "Dollar Diplomacy." The plan of the treaties was to authorize American bankers to collect the revenues of Nicaragua and Honduras, advancing, in return of this privilege, loans which would place the currency of the republics on a stable basis. It is President Taft's idea that if the custom collections in the countries were put out of reach of professional revolutionists and agitators there would be nothing to fight over and peace would result. The same plan, it is argued has worked an immense amount of benefit to the affairs of the dominican republic.

CATCH RUNAWAYS.

Special to The News.
Delphos, Sept. 3.—Seized with a bad case of wanderlust, two Ft. Wayne lads, purchased tickets for Delphos at the traction station in that city and boarded a car. They arrived in Delphos on the 12:57 car, Saturday afternoon, and later landed behind prison bars.

HINTS AND RECIPES

By Mrs. Mary Miller
The most essential thing to be remembered in all hints and recipes is the use of absolutely pure materials. Unless you are sure that you use such materials, you cannot expect to make the best of anything. I shall give you the following hints and recipes, and I shall always recommend a brand that I know to be the best.

FRUIT CHARLOTTE
Line a mold with lady fingers and sections of oranges; soak one-half package of gelatin in one cup of cold water for one-half hour; pour in one and one-half cups hot water and stir until dissolved, then add one cup of sugar and set in ice until it begins to thicken. Beat the whites of three eggs and mix lightly with gelatin; flavor with SOLEUSE Orange and pour into a mold. Keep in the refrigerator until ready to use.

DELMONICA FUDGING
Two cups milk, two eggs, two tablespoons cornstarch, one-half cup sugar, few grains salt, one teaspoon SOLEUSE Lemon. Heat the milk and blend the sugar and cornstarch mixed together. Cook twenty minutes, or until all starch taste has disappeared, then blend in carefully the beaten yolks and cook two minutes. Flavor and pour into a serving dish, cover top with a meringue made of the whites of the eggs and one tablespoon powdered sugar. Brown lightly in the oven and serve hot or cold.

BEST TOILET SOAP
If you wish a soap to nourish and preserve the skin and hair, use Brown's Pine Tar Soap, which is sold at all grocers and druggists for 5 cents per cake. It will not irritate the skin, but cleanse and soothe, making it soft and giving it a delicate tint.

ONE SACRIFICE FOR SINS FOREVER

Christ's Offering Left Nothing Further to Be Done.

A LONG STANDING MISTAKE.

Pastor Russell Disagrees With the Doctrine of the Mass—Unscriptural and Based on Early Error—Sinners Should Go Directly to the Lord, Mankind Growing in Grace.

London, September 1.—Pastor Russell's text for today was, "After He had offered one sacrifice for sins forever, He sat down on the right hand of God; * * * for by one offering He hath perfected forever them that are sanctified."—Hebrews x, 12-14.

The Bible is most explicit in its declaration that Jesus, as the Antitypical High Priest, offers but one sacrifice of Himself for the sins of the world. In our context St. Paul points to the fact that the typical priests of the Jewish Era repeated their sacrifices yearly, on each succeeding Atonement Day. He notes to us the fact that those were merely typical sacrifices, which could never take away sins; and then he tells us that the one sacrifice, on the one Atonement Day, by the Antitypical High Priest, is so complete as to leave nothing further to be done. "Christ * * * dieth no more; death hath no more dominion over Him." "This He did once, when He offered up Himself; "without spot unto God." (Romans vi, 9; Hebrews vii, 27; ix, 14.) A matter so well established we should settle in our minds and not allow any theory or supposed necessity to move us therefrom.

However, we behold two great Christian communions holding a different view—the High Church of England and the Church of Rome. Both hold the doctrine introduced into the Church about the Fourth Century—the doctrine of the Mass. This doctrine holds that the death of Christ cancels original sin for believers and brings them into fellowship with God through faith in the redeeming blood of Christ. But it philosophizes that sins committed after coming into the family of God need cancellation also, and that nothing except the blood of Christ, the death of Christ, can take away sin; and that the merit of His death at Calvary having been used to cancel our past sins, a fresh sacrifice of Christ is necessary for the more recent sins.

Sacrifice of the Mass.
Proceeding with the philosophy they ask, How can we get a fresh sacrifice of Christ and apply it and thus be kept cleansed in the sight of God? They answer that the bread and the wine of the communion service, after being blessed, are the actual flesh and blood of Jesus, and may be used afresh in sacrifice for sins.

Applying this philosophy these Christian brethren perform a common, or Low Mass for general sins, in a congregational way, and High Mass for special sins. Their Church services accordingly are not so much studies or expositions of the Bible, but more particularly a participation in the cleansing supposed to accrue to all who attend Mass.

Those who fail to attend Mass at least once in a year are supposed to be horribly defiled with the accumulated sins. The congregation assembled, praise and prayer are chanted, and then the officiating priest approaches what they call the altar of sacrifice. On it are the bread and wine, which, being blessed, are instantly turned into the actual flesh and actual blood of Christ. The officiating priests and associates and the congregation are all on their knees to worship the Host—to give reverence to the freshly created Christ on the altar. The officiating priest then rises and breaks the bread of flesh. Thus the sacrifice of the Mass for the sins of the people present is accomplished. No wonder the people are anxious to be present, to be cleansed afresh of their sins!

Not only is the sacrifice of the Mass thus made for the living, but Christ is similarly sacrificed for the dead supposed to be suffering in Purgatory.

Whatever proportion of sin is directly or indirectly the result of Adam's disobedience and human imperfection is covered through the merit of the one sacrifice of Christ, which covering is to be obtained by the transgressor's approaching the Throne of the heavenly Grace that he may obtain mercy and find grace to help in time of need. When we came to God desiring to be accepted as disciples of Jesus and joint-sacrificers in His cross-bearing, self-denial and death to the world, and joint-heirs also with Him in His Heavenly Kingdom, we found Him prepared and willing to be our Advocate with the Father. Through the imputation of the merit of His sacrifice we were healed and accepted of the Father and begotten of the Holy Spirit. Now, as children of God, New Creatures in Christ, we still need our Advocate, because we as New Creatures have not yet received our new bodies and will not receive them until the resurrection; and because our earthly bodies are imperfect through the fall, we are liable from time to time to be overtaken in a fault. Our need, then, is not to attend Low Mass, or High Mass, but to go directly to the Lord in the name and merit of our Advocate. Thus the Apostle enjoins us saying, "If any man (in the Church) sin, we have an Advocate with the Father, Jesus Christ the Righteous." (1 John ii, 1.) The thought that sin in every instance requires Atonement is quite Scriptural, and the thought that without the shedding of blood there is no remission of sins is Scriptural. (Hebrews ix, 22.) But the thought that Christ needs to die more than once is antagonistic to the Scriptures, as we have already seen.

The fact is that good and great people have made serious errors in theology along nearly every line. The errors accumulated for nearly fifteen centuries, and we must not wonder at our slowness in getting fully rid of them. For the past four centuries practically the people of God of all denominations have been coming back to the light of God's Word. Both Catholic and Protestant translations of the Bible are assisting us. We are growing in grace as well as in knowledge. Whatever we shall say of the world, we must believe that God's consecrated people in every denomination are more Christlike, more God-like, than were their forefathers who, surrounded by the errors of the past, fanatically and devilishly tortured one another in the name of religion—in the name of the Bible which they did not understand.

"The Abomination of Desolation."
Nearly nineteen centuries ago our Redeemer mentioned the Abomination of Desolation spoken of by the Prophet Daniel. The Master declared that when this Abomination should be seen those noting it should understand and flee with haste. For long centuries it was supposed that the Great Teacher referred to events which culminated in A. D. 70, in the destruction of Jerusalem. The Abomination was supposed to refer to the carrying of Roman banners within the holy precincts of the Temple. It did seem strange that so comparatively insignificant a matter should have been mentioned by the Lord through Daniel the Prophet, and should also have been referred to by Jesus Himself.

Of late there is another interpretation. It refers our Lord's prophecy specially to the end of this Age and the great "Time of Trouble" soon to come upon the Church and upon Christendom. In this view the Abomination of Desolation signifies a reprehensible doctrine introduced into the Church, the true spiritual Temple—into the "holy place." The doctrine was to be an abomination in the sight of God and would exercise a desolating influence upon everything associated with it. This influence would continue for long centuries before its desolating character would be recognized. Then all so recognizing it should know that the Time of Trouble and the New Dispensation are near, and should make all haste to separate themselves from everything associated with the error and flee to the mountain heights of Truth, as Lot and his family fled from Sodom.

I share with many other Bible Students the view that the Desolating Abomination mentioned by the Prophet Daniel and by Jesus is the doctrine of the Mass. It was introduced about the middle of the Fourth Century. It has had a corrupting influence since. And now that we see it clearly it is the duty and privilege of all of God's people to get right with God by recognizing that which is so abominable in His sight—the setting aside of the one, perpetual sacrifice of Christ, and the substituting in part thereof of the sacrifices of the Mass, performed many times every day throughout the world.

In Daniel's Prophecy (xi, 31-38) we recognize a brief synoptical history covering the period from the Fourth Century to the days of Napoleon. The Sanctuary of Truth and Christian strength was polluted. The daily sacrifice, literally the continual sacrifice, was taken away, and the Abomination of Desolation was introduced—the sacrifice of the Church nominal, corrupted by flattery and prosperity, and a description of the true saints of God, who, at the same time, were strong and did wonders in support of the Truth. A work of instruction is mentioned, yet the instructors "fell by the sword and by flame and captivity and spoil many days"—many years—yet they were not allowed to fall completely. God helped them "with a little help"—just in any manner to forgive sins willfully committed. They receive stripes or punishments in proportion to their willfulness.

which, to our understanding, began in 1798. Since then none have fallen through persecution. Outward persecution has been stopped. God's people are seeing more and more clearly the true teaching of His Word—the "golden vessels" of the House of the Lord are being brought back from Babylon and put to their proper uses in the spiritual Temple.

Better Sacrifices Than Those.
But we are reminded that St. Paul himself wrote of "better sacrifices," in the plural. (Hebrews ix, 23.) We are asked what these refer to, if not to the sacrifices of the Mass.

We reply that St. Paul made no reference to sacrifices being offered by earthly priests. He referred only to those offered by the Great High Priest Himself. None but the High Priest is competent to offer sacrifices acceptable to God. The sacrifices in the type of the Day of Atonement consisted of two—the bullock, which was for Aaron and his household (his sons and his wife—of Levi), and the Lord's goat, which he offered on behalf of all the people of Israel. In the Antitype, "himself and his house," represents the Body of Christ (the Under-Priesthood, the Royal Priesthood), and the household of faith—the antitypical Levites; and all the people of Israel typified all the world of mankind who ultimately will be brought, through the merit of the precious Atonement, into full relationship with God and to everlasting life.

Of these "better sacrifices," the bullock represented our Lord Jesus, in His own person. The merit of His death is throughout this Age imputed to His true followers—the saintly few, the Royal Priesthood, and to the larger number of less zealous followers represented by the tribe of Levi. All of these were covered, reconciled, blessed, directly through the imputation of Christ's merit, when He appeared in the presence of God for us, after His ascension. Divine acceptance of His merit being manifested by the impartation of the Holy Spirit at Pentecost.

But that was not the completion of Jesus' sacrifice. In the type the bullock was only one part of the sacrifice. Next followed the Lord's goat, which represented the class of Christians addressed by St. Paul in his exhortation, "I beseech you, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy and acceptable to God." (Romans xii, 1.) During this Gospel Age the followers of Jesus have been privileged to present themselves to Him for sacrifice, but they do not do the sacrificing. He, the spiritual High Priest, has proceeded in His work for more than eighteen centuries, offering up for acceptance by the Father all who have become His true disciples, denying themselves and taking up their cross and following Him faithfully.

All these are represented by the Lord's goat of the Day of Atonement sacrifice (Leviticus 16), and were represented in the Pentecostal blessing. There all of this class were accepted representatively and all of them were devoted to sacrifice, according to the terms Divinely arranged. As soon as the foreordained number constituting the sacrificial Body of Christ shall have been sacrificed, the "better sacrifices" will be complete, and all the members of the Body of the Great High Priest will pass to the Head beyond the veil, into the Most Holy. Then the work of this Gospel Age will be at an end. Then the work of the New Dispensation will begin—the blessing of the world.—Titus ii, 14.

"This Is My Body."
Lutherans as well as Catholics hold that the Eucharist means more than a memorial of the broken body and shed blood of Christ. Catholics hold that they have authority for considering the bread and wine which have been blessed as the actual flesh and the actual blood of Jesus, because, say they, Jesus so treated the matter in the first Eucharist: "On the same night in which He was betrayed, He took bread and brake it, saying, This is My body, which is broken for you. Likewise He took the cup, saying, This is My blood, shed for many for the remission of sins." Hence they reason that if Jesus recognized the matter thus as His actual body and actual blood, so might all of His followers. No, we answer, most evidently Jesus meant, this bread represents My flesh, and this wine represents My blood.

Our Catholic brethren who hold otherwise evidently forget that at that time Jesus' flesh was not yet sacrificed and His blood was not yet shed. Therefore the bread and the wine which He handled could not by any possibility have been more than mere representatives—because He still had the original. How strange that we should have overlooked this so long!

In harmony with what we have already said respecting the "better sacrifices," we note that St. Paul explains that the bread and the wine not only represent and symbolize the flesh and the blood of Jesus, but additionally the flesh and blood of all consecrated people who for centuries have been participating with their Redeemer in the sacrifice of earthly things, that they may be joint-heirs with Him in His glorious Kingdom which is to bless and restore the willing and obedient of mankind. St. Paul's words are, "The cup of blessing which we bless, is it not the communion (common union) of the blood of Christ? The loaf which we break, is it not the communion (common union) of the Body of Christ? For we, being many, are one Loaf and one Body, for we are all partakers of that one Loaf." (1 Corinthians x, 16, 17.) Well did Jesus say to His disciples that if they would eat with Him in His Throne, they must share with Him His cup of suffering and must be baptized with His baptism into death.—Matthew xx, 22, 23; Romans vi, 2-5.

WOODROW WILSON WILL HELP BUCKEYE DEMOCRATS OPEN CAMPAIGN.

(By United Press.)
Columbus, O., Sept. 3.—The Ohio Democrats will open the state campaign here on September 20, with Woodrow Wilson and James M. Cox, the candidate for Governor as the two principal speakers.

It was decided to make it a state meeting, with delegations from many of the counties. The details are being worked out by the executive committee and chairman Finley.

This will be the first political speech Gov. Wilson ever delivered in the state of Ohio. He was induced to make this engagement because of the unusual conditions in Ohio, that have given the party leaders so much assurance of carrying the state.

State Chairman Daugherty and President Taft, A. E. Sartain, sheriff of Franklin county and chairman of the Republican county executive committee today filed formal protest with the county board of elections against the allowing of names of the Republican candidates on the Bull Moose ticket. This protest is the first step in a test of the action in the state of Ohio.

The Greatest Cure and Preventive for Bright's Disease

No one ever cured kidney trouble with a pill, powder, tablet or mineral water. The reason is, there is nothing in them by which you can force the drug to the vital point and neutralize the poison in the tissues and reduce the inflammation or granulation of the kidneys. (These are statistics by the most eminent men in the faculty.) Symptoms of kidney trouble—swelling under the eyes, grayish white or waxy color of the skin, denotes granular diseases of the kidneys. The cure is SAN-JAK. The reason is clear. SAN-JAK neutralizes poison in the tissues of the vital organs of the body, clearing away inflammation and catarrh in all parts of the digestive tract and vital organs. SAN-JAK is the only preparation which allows a normal expansion which action the kidneys are enabled to absorb alkaline sulphates, which are the decomposed products of the bowels, and eliminate them. Otherwise, in renal weakness, this condition is the cause of ill health and Bright's disease with Rheumatism. SAN-JAK will not harm a well person, and for the weak ones its faithful use means perfect health and strength for young or old. Many should die of old age, not disease. SAN-JAK will keep your blood as pure as a lily. We sell SAN-JAK with full guarantee satisfaction or return the price of one bottle. \$1.00

MAYOR AND EARNST ARE ACCUSED OF DRIVING AUTO THAT CARRIED NO LIGHTS

PEDESTRIANS COMPLAIN OF CITY OFFICIALS VIOLATING A TRAFFIC ORDINANCE.

Did Mayor Corbin N. Shook and Captain S. Andrew Earnst drive west on North street Saturday evening at 10:30 o'clock, in the night captain's runabout without either head or rear lights?

If the eyes of several pedestrians walking on the street at that hour were not deceptive, they did.

According to several reports reaching the News both yesterday and today, the mayor and his chief lieutenant, Captain Earnst, stepped into the car standing in front of the central station near 10 o'clock, Saturday evening, turned north into Central avenue and steered west on North street. Both head and rear lights on the machine were out according to witnesses. The machine then drove straight west supposedly to the mayor's home.

"It is possible that there might have been head lights on the machine," said one of the pedestrians. "If there were, they were burning very low. I am certain, though, that the rear lights were out. The car was coming rapidly and no warning, not even the 'honking' of a horn, was given."

Not long ago, police acting under the mayor's orders, arrested an autoist on the public square for permitting the rear lights on his machine to flicker out. Several others, whose lights were burning dimly, were rigidly warned. Later, the mayor declared a crusade against speeding autoists and chauffeurs who permitted their lights to burn low or their tags to become muddy. If the testimony of the several witnesses on west North street Saturday evening is irrefutable, the mayor and Captain Earnst violated a city ordinance.

WOMEN VERY BUSY AT THE VOTING BOOTH

SUFFRAGETTES ARE TAKING ACTIVE HAND IN ELECTION IN LIMA.

For the first time in the city's history, Lima suffragettes patrolled the precincts today in the interest of equal suffrage. Garbed in plain walking skirts and stout shoes, and armed with an ample supply of woman suffrage literature and a ready retort, the suffragettes went "politicking" today, so to speak.

Headed by Mrs. W. A. Crayton, president of the Lima suffragists, a dozen or more women, each carrying a basket of literature, walked forth from headquarters of the Political Equality Club on west High street at 7:30 o'clock, this morning, and these have worked earnestly all day. While the greater part of their endeavor was confined to the distribution of literature, a ready tongue was found to advantage here and there, and electors were urged to support "No. 23."

Scores of voters were ignorant of the meaning of "23." They were not left in the dark for very long; "23" is the number of the equal suffrage amendment.

The women worked industriously. When a basket of campaign literature was exhausted, a ready supply was found at headquarters. While there were not enough suffragettes for each voting booth, women divided their attentions and some worked two and three precincts.

Tonight, headquarters on west High street will be formally closed. A social session of the members will close the campaign. Members will await election results from headquarters.

"We have done our duty," said Mrs. Crayton, simply. "The fight all over the state has been progressing, and I believe we will win our rights."

AUTO VICTIM

Lying in a comatose state upon a cot in the city hospital for the past sixty-four hours, Pearl Siferd, 20, 768 east Vine street, one of the victims of Saturday evening's automobile-city car collision, is hovering between life and death with but slight chances of recovery. She is suffering from a concussion of the brain which may result fatally. The injury was received when she was projected forward out of the machine and in front of an electric car Saturday evening at the intersection of Second street and St. Johns avenue.

George Shimmell, owner of the ill-fated machine, has practically recovered from his injuries, while Adeline Jamison, and Volney Kohl, the latter a resident of Wapakoneta, the other occupants of the car, are confined to the hospital. Their injuries are not serious. Physicians have yet a hope for Miss Siferd's recovery, encouraged by the fact that she has held out so long.

TO GROW HAIR ON A BALD HEAD

By a Specialist.

Thousands of people suffer from baldness and falling hair who, having tried nearly every advertised hair tonic and hair grower without results, have resigned themselves to baldness and its attendant discomfort. Yet their case is not hopeless; the following simple home prescription has made hair grow after years of baldness and is also unequalled for restoring hair from falling out, and destroying the dandruff germ. It will not make the hair greasy, and can be put up by any druggist: Bay Rum 6 ounces; Lavender de Composee, 2 ounces; Menthol Crystals, one-half drachm. If you wish it perfumed, add half to one teaspoonful of To-Kalon Perfume, which unites perfectly with the other ingredients. This preparation is highly recommended by physicians and specialists, and is absolutely harmless, as it contains none of the poisonous wood alcohol so frequently found in hair tonics. Do not apply to the face or where hair is not desired.

EXHIBIT OF FINE HARDWARE

PENNY-JONES-BURDEN COMPANY HAVE CLEVER DISPLAY AT THE FAIR.

Visitors at the Fair cannot help remarking at the clever display of The Penny-Jones-Burden Hardware Co.

As you enter the north entrance of the Art Hall you are sure to see one of the handsomest displays of hardware ever exhibited.

Everything sold in a hardware store is arranged on the back wall in an artistic manner. This arrangement, while being considerable out of the ordinary, tends to show off to the best advantage the wares they sell. Joel Spyker, the manager of the company is in charge of the booth, and as he knows everybody in Allen county, he is a mighty busy man explaining the uses of the various things in the exhibit.

The buggies and farm implements are displayed in a huge tent, and a larger and more complete line than this has never been shown at any fair in Lima. Willard Tussing is in charge of this portion of The Penny-Jones-Burden exhibit and if there is anything you want to know concerning the new things in Buggies, Surreys or Farm Implements you should not fail to have a talk with him.

They report a large sale, during yesterday's and today's session, and many prospective buyers were at all times in evidence.

INDIANA "SWEETHEART" MELONS REACH THE LOCAL MARKET.

NEW CORN PATCHES ARE NOW YIELDING NICELY—TOMATOES QUITE PLENTIFUL.

First shipments of "Indiana sweetheart" watermelons, considered the finest melons grown in the United States, reached the Lima markets Tuesday. They are exceptionally fine and are retailing at 40 cents to 60 cents. The smaller melons and home-grown are running from 30c to 40c. Plenty of home-grown muskmelons and cantaloupes are to be had at 5, 8 and 10 cents.

Quite a number of farmers brought in new corn from patches that are just beginning to yield. It shows no change from prices that prevailed throughout the past week and tomatoes, while plentiful and of pretty good quality also remain firm at the prices that prevailed last week.

Beans, both string and butter, are fairly plentiful, though rains have cut down the crop considerably. Apples are beginning to arrive in abundance and plums are more plentiful than for years. The housewife who uses plums for canning purposes will find this the most ideal time to buy, as no decline in price is expected and the price may advance slightly during the week on account of the heavy demand.

Two Wayward Girls Puzzle City Officials

ALICE HOUCK AND GLENNA DURR ARE ARRESTED FOR FOURTH TIME.

City officials are confronted by the perplexing problem of what disposition should be made of Glenna Durr, 19, and Alice Houck, 18, two young moral derelicts who have made an appearance in mayor's court for three successive Monday mornings on a charge of loitering. Mayor Shook was relieved of the Durr girl Tuesday morning, when her father, John Hubbell, called at the central station and claimed her, promising to send her away from the city. Alice Houck is still in prison.

The two maids were taken by Patrolman Snyder last night at 9:30 o'clock on west High street. According to the police they were loitering in violation of their promise made on last Monday morning to leave the city forever. The girls have been arrested four times during the last two months and served thirty days in the county jail for defrauding a liveryman. Released two weeks ago they have since been loitering about the streets of the city, homeless and penniless, depending upon strangers for assistance in procuring food and shelter. The Durr girl is married, her husband having left her several months ago. Her father is John Hubbell.

Although they claim to be nineteen years old, neither looks to be more than sixteen. Both are frail and in poor health. Neither of them can read or write.

Mayor Shook is trying to evolve a plan of disposition.

NOSE STOPPED UP WITH CATARRH

A COMMON SENSE TREATMENT FOR COLDS AND CATARRH. GIVES INSTANT RELIEF.

No matter how miserable you are with catarrh or a cold in the head, nose stopped up, throat sore, eyes running, foul breath, Ely's Cream Balm will give you instant relief.

It gets right at the root of the trouble, cleanses, heals and strengthens the raw, sore membranes, stops the nasty discharge so that you are not constantly blowing the nose and spitting. In a few minutes after applied you can just feel it doing its work of clearing the head, the pain and soreness are relieved, the breathing becomes natural and the stuffed up feeling is gone. This cleansing, healing, antiseptic Balm contains no mercury, cocaine or other harmful drugs. It is easy to apply, pleasant to use, and never fails to give relief, even in the worst cases.

Never neglect a cold, and don't suffer the miseries of catarrh nor disgust your friends with your hacking, spitting and foul breath. Get a 50 cent bottle of Ely's Cream Balm from your druggist, and start the treatment at once. You will find that it will be the best investment you ever made.

WHEAT VERY DULL AFTER DAY'S REST

CORN MAKES A SLIGHT GAIN BUT OATS STILL REMAIN UNCHANGED.

Chicago, Sept. 3.—After a couple of day's rest the wheat market opened a little bit dull, Sept. starting away 1-8 down and Dec. 3-4; corn started away 1-2 up for Sept. and 5-8 for Dec. held it at the noon hour and closed unchanged. Oats for Sept. showed no change at the opening with Dec. down an eighth and no further change either way was shown during the day. Provisions held steady throughout. The general close showed:

Wheat, May 96; Sept. 91 6-8; Dec. 92. Corn, May 53 7-8; Sept. 72 3-8; Dec. 54 6-3. Oats, May 35 5-8; Sept. 31 5-8; Dec. 32 1-4. Sept. pk. 17.72; Oct. pk. 17.82; Jan. pk. 19.52.

(By Wagner Wire). Over the past three days the corn belt has received a series of hot sun. This was needed. Part of Iowa, Illinois, Indiana, Ohio and Michigan have received rains. Canada was wet Sunday and dry Monday. Forecast is mixed but suggests much rain while temperatures will be warmer. Delivery day is here today. Small deliveries of wheat are expected. Practically early is offered freely. There is plenty of oats too. Hogs were weak Monday and packers appear to have sold products. Cash demand still irregular. Most of literature on off-holidays is favorable to sale of all May grains on bulges. September and December corn will follow the cash news. Wheat and oats visible increase due today. Liverpool comes 3-4 to 7-8 lower, and this indicates that European conditions are favorable. Shorts may cover in all grains on any dip today but will probably resell if a fair bulge. Corn cables 3-8 to 3-4 and comparison is with Saturday's price. Those who are studying deliveries say worry little, little will be offered.

DYNAMITE PROBE ON AT LAWRENCE

Boston, Sept. 3.—The Federal probe into the illegal carriage on passenger trains of the dynamite "planted" at Lawrence, was commenced today by United States District Attorney A. P. French.

While the dynamiting matter is to be looked into the prosecutor now believes the only violation of the federal law punishable in the courts was the fastening of the explosive to the freight train that reached Philadelphia.

Fredk. E. Atteaux, president of the Atteaux Woolen Mills, said today that he is the third man indicted by the county grand jury. He says that he has made arrangements as soon as he is well enough to leave his home to plead to the indictment and furnish bail. He will appear in court late this week.

KNIGHTS OF COLUMBUS NOTICE. Important meeting this evening. All members are requested to be present.

CORONER'S VERDICT. That Mrs. Caroline Dingleline, the woman whose dead body was found in the cellar at her home opposite the Shawnee Country Club, on last Thursday afternoon, came to her death by accidental electrocution, was the finding of Coroner Dr. A. Pfeiffer following his inquest. The report stated that electrocution had resulted from poor insulation of wire which was unfit for use.

AFTER HOLIDAY MARKET IS WEAK

PRONOUNCED DROP IS SHOWN IN SEVERAL STOCKS—OPERATORS COMING HOME.

New York, Sept. 3.—Irregularity at the opening was followed by a heavier tone in the early trading. Pronounced weakness developed. Governments unchanged; other bonds dull. Further recessions were recorded during the afternoon and the close was weak.

Brokers expect that many of the leading speculators and big operators will return from Europe this month, and their presence will probably be reflected in heavier speculation on the New York Stock Exchange. Many persons say the market does not need the big speculators, but it is a fact that outside interest in dealings on the exchange is never so keen as when the big operators and speculators are dealing in thousands of shares daily. It is the activity resulting from their dealings that makes the market and attracts the attention of the general public. Until these speculators return no bull campaign or increased attendance in commission houses can be expected.

FUNERAL NOTICES.

JACOB FESS.

Funeral services were held at 2 o'clock Tuesday afternoon over the remains of Jacob Fess, late manager of the Central Coal Company, who passed away Sunday morning at 2:30 o'clock, at his home, 817 east Elm street, the services being conducted from the bereaved home. The Rev. Mr. Jewett, pastor of the Grace M. E. Church, conducted the funeral obsequies and interment made in Woodlawn cemetery. The deceased had been ill one month and was a victim of typhoid fever.

CHARLES DUNLEVY.

Remains of Chas. Dunlevy, formerly of Lima, who died at Toledo Sunday night have been brought to this city and the funeral services will be held Wednesday morning at 9:30 o'clock from the Williams & Davis parlors on West Market. The funeral will be private. Interment will be made in Woodlawn cemetery.

MRS. JOS. ASKINS.

The funeral of Mrs. Askins, wife of attorney Joseph Askins, who died at her home on West Wayne street, this city, last Friday, were held at Van Wert Monday morning at 10 o'clock. The funeral was largely attended the estimable woman having many friends in Van Wert as well as in this city. Interment was made in the Van Wert cemetery.

VANGELIS KIRINGI.

A priest of the Greek church arrived in this city from Indianapolis Tuesday afternoon and conducted funeral services over the remains of Vangelis Kiringi, Greek laborer who was killed by a Western Ohio traction car near the C. H. & D. overhead trestle Saturday morning. The funeral was held from the Whitley parlors and interment was made in Woodlawn cemetery.

LOVE AFFAIR

OF LIMA COUPLE OCCURS AT WINDSOR, CANADA.

ELGIN KIPKER CLAIMS MISS LULU RUFFE BARGER AS HIS BRIDE.

The friends of Mr. Elgin Kipker, an employee of the Lima Locomotive Works, who resides on north Union street, and Miss Lulu Ruffenbarger, of the Deisel-Wemmer cigar factory, will be surprised to learn that the latter is no longer Miss Ruffenbarger but is the bride of Mr. Kipker.

The happy young couple left the city early Monday morning announcing that they were going to Detroit to spend the holiday. They crossed to Windsor, Canada, from Detroit and were married in the latter place during the afternoon. They returned to this city last night and the first ones who were let into the secret or their marriage were the parents of the bride, Mr. and Mrs. S. W. Ruffenbarger, of 1015, east North street. The blessing of the parents was granted together with forgiveness for the "runaway match" and the bride and groom are now enjoying the fullest cup of happiness. Their many friends will be pleased to extend congratulations as soon as they read this announcement of the wedding.

ATTENTION FARMERS

Large granary, wagon and implement shed, hog pen, chicken coop and other out buildings for various purposes. A windmill close to house. 60 acres in pasture which are partly wooded, balance under plow. Has five miles of tiling and is all fenced. Abundant supply of water. Sandy loam soil and raises all kinds of crops such as corn, hay, oats, potatoes, beans and sugar beets, or can be made into one of the finest stock farms in the valley.

Implement and stock can be furnished at a fair price. If you are interested in this farm let me show it to you with the crops on so you can see what it will produce.

FINE OUTING HELD MONDAY BY WOODMEN

JOLLY CROWD ENJOYED PICNIC AND DAY'S AMUSEMENTS AT HOVER PARK.

The picnic of the Modern Woodmen of America, held at Hover Park yesterday was a great affair and it was enjoyed by several hundred members of the various lodges in this part of the state, together with their wives, families and invited friends. Fun was at full height all day and the program committee had arranged for a series of contests which furnished plenty of wholesome amusement for everyone. The dinner baskets had all been well loaded with things good to eat and the noonday feast was one of the enjoyable features too.

The contest for a prize which was offered for the Woodman oldest in membership in the order was an interesting event for there were a number of veteran members present. The prize went to W. T. Copeland, former clerk of Lima camp, who is now in the banking business at Wapakoneta. Miss Mabel Bowsher, of 345 south Pierce street, won the prize offered by R. B. Tolan, of the probate office, the trophy being a marriage license. Miss Bowsher has not yet announced the name of the lucky man who is destined to share with her the fate of the prize is to bring.

The baseball contest between the Reds and Blues was another interesting feature of the day's contests, the Reds, under captain R. Littler, winning the contest by a score of 14 to 0. The prize winners in other contests were as follows:

As ladies' man, S. H. Arnold was picked and W. E. D. Fee captured the honors as the homeliest Woodman. In the wheelbarrow race, victors were W. H. Hardisty, Mrs. John Stauts, Rufus Bowsher; cracker eating race, Carroll Stoup, Morris Stoup and George Wolcott.

Single ladies' race, Mabel Bowsher and Grace Kruse; girls' race, Helen Kraft, Leota Bowsher, Honor Miller; past console's race, Isaac Stauts, W. M. Hardisty and J. E. Poole; boys' race, Virgil Verbyke, Fred Bullock, Chalmers Orth; three-legged race, Guy Winkler, Walter Bowsher, R. Littler, Isaac Stauts; prospective Woodmen's race, Jesse Pugh, Preston Alexander; comic recitations, W. E. D. Fee, Katherine Kahle, Richard Stauts; potato race, Mrs. Guy Winkler, Walter Bowsher, Richard Stauts; needle and thread race, O. E. Martin, R. Littler, W. E. Glenn; boys' shoe race, Walter Gould, Harold King, Brant DeForest; ball throwing contest, Jessie Bell, Ida Bowsher, Mrs. J. E. Johansen; pole vaulting, Otto Cramer, Guy Winkler, R. Littler; hop, step and jump, John Stauts, Roy Keller, R. Littler; largest delegation, Bluffton.

LIKES COOKING

MISS DOROTHY BLACK.

New York, Aug. 31.—Believing no young woman, however rich should be reared in ignorance of the fundamental principles of housekeeping. Mrs. Elmer Black, president of the Woman's Progressive Economic League, who sailed for London on the Lusitania, is taking her daughter, Dorothy, to place her in an English school, which will give her such an education as well as a training in social requirements. Miss Dorothy is sole heir to her mother's large fortune. According to Mrs. Black, the American girl, unlike her European sister, from nobility to peasant class, is not trained for a domestic life. Mrs. Black declared she would consider her daughter's education only a half a one if she did not learn to market, cook and take care of a home.

THE ADOPTION OF PROPOSALS

WHICH HAVE BEEN SUBMITTED BY THE CON CON IS PRE-DICTED IN CINC.

(By United Press.)
Cincinnati, O., Sept. 3.—A canvass of state wide sentiment on the proposed Amendments to the Ohio constitution was completed last night, and it appears to indicate that the majority of the forty-two proposals will be adopted. The spirit of Ohio, appears to be strongly progressive. There is a general demand from the Lake to the River for changed methods in the state and governmental administration.

All the surface indications are that the electors on next Tuesday will adopt, for the most part, the proposed new constitution in the hope of bettering political and economic conditions in general. Chief among the proposals are the following: Women's suffrage, Initiative and referendum; municipal home rule, and License for liquor traffic.

Every woman knows how imperatively necessary it is that baby's things should be absolutely and perfectly clean. She knows the trouble she has with common yellow soap that leave the dirt in and often make the little garments harsh and irritating to baby's skin. Easy Task soap—you can get it of your grocer—is the quick and safe cleanser made. It is antiseptic—and it reduces the work of washing by half.

THIS FAMILY BREAKS A MARRIAGE RECORD

(By United Press.)

Ft. Smith, Ark., Sept. 3.—A new matrimonial record in Arkansas was entered when Mr. and Mrs. Lewis Clark announced that their four daughters were married to four young planters late last night at the Clark country place at the Ozark.

The quadruple ceremony united Miss Clark, 22 years old, to Taylor McCain, 21, Miss Selma Clark, 15, to Thomas Welch, 22; Miss Jerusha Clark, 17, to George Powell, 20, and Miss Gladys Clark, 19, to A. H. Williams, 22.

The brides and bridegrooms, after attending the wedding supper spent last night at the Clark residence and today repaired to their several homes, newly built in the same community.

Mrs. C. B. Amstutz, Mrs. Menno Amstutz and Mrs. Lee Luginbuhl visited with relatives here Wednesday.

David Wenger and wife left Friday for Massillon to attend the family reunion.

Mrs. Peterson left last week to spend a few days with her son Sam Peterson and family at Pleasant Ridge.

Jule Benroth is spending several weeks at Mount Clemens, Michigan. His wife, Mrs. Hazel Benroth is the guest of her mother at Butler, O.

Mrs. Margie Hilly and daughter Miss Katie Hilly of Chicago are guests of Albert Baumgartner and family.

C. Harris and daughter Blanche, of Canal Winchester, visited with S. P. Hummon and family last week.

Misses Clara and Lydia Gratz left Saturday for Grubill, Indiana to attend annual convention of the Missionary church.

DOCTORS KNOW SOAP.

Ask your family physician what he thinks about a laundry soap that is made of borax, cocoanut oil, clean tallow and naphtha. He'll tell you such a soap will be cleansing, sterilizing and antiseptic. That means that it will not only make your clothing sweet and clean, but that it will also save you from the dangers of contagion that lie in common soaps. Easy Task soap is the only one that would fill his prescription.

REPORTING PRESIDENTIAL CAMPAIGN

The impending national campaign, almost unique because of the fact that three strong rivals are fighting for victory, will be of unusual interest to all voters. The situation from any angle cannot be understood or appreciated until the facts from all sides have been read and digested. With that thought in view THE LIMA DAILY NEWS reports of the campaign in this paper, will, as usual, be thorough, accurate and impartial. Followers of Roosevelt will receive the same enlightenment as Taft or Wilson adherents.

The next two months generals in the three-cornered fight will disseminate information for the education of voters, and to form a correct conclusion every lesson and important fact should be read. Special representatives will follow the different Presidential candidates from the beginning until the end of the campaign, instructed to tell what is said and what happens. The news will be told in a style satisfactory to Republicans, Progressives and Democrats. If you demand the truthful news of all the candidates read THE LIMA DAILY NEWS. FAMILY REUNION

CHANGED FROM PARK TO RESIDENCE IS AN ENJOYABLE AFFAIR.

On last Thursday, August 29th the Standiford-Paulkner relatives met in this city with intentions of spending the day in the city park for the third annual reunion.

Owing to the inclemency of the weather the company was invited to the beautiful home of Mr. and Mrs. A. B. Slygh on east High street, where with the assistance of their charming daughters the Misses Mabel and Helen the guests were soon made to feel welcome. The register showed friends from Ft. Wayne, Chicago, Woodburn, Decatur, Riviere, Wren, Ohio City, Van Wert, Dunkirk and Harrod and many from the city of Lima numbering 72 in all.

After the general greeting and hand shaking, a bounteous dinner was served in the dining rooms and porches, to which all did ample justice. Everything heart could wish was found on these tables. One guest present declared he had tasted of twenty-five different kinds of cake, and the last was as good as the first and would be ready for another feast the next reunion.

Following the dinner hours the company were entertained with some fine piano selections. The old staff of officers were re-elected: Frank Standiford, of Wren, O., chairman; W. H. Faulkner, of Harrod, Ohio, assistant chairman; and Mrs. E. W. Jackson, of Decatur, Indiana, secretary and treasurer.

Owing to unavoidable circumstances only a part of the program was carried out. At a late hour the company dispersed thanking Mr. and Mrs. Slygh and daughters for their kind hospitality and voting to meet again on the third Thursday in August 1913 at or near the G. W. Standiford home in Wren, O.

BOY KILLED BY AUTO.

Springfield, O., Sept. 3.—Leroy White, 12 years old, was run down by an automobile last night at the Fair Grounds and killed. The lad was attending the Labor Day celebration. The car was owned by D. M. Beard, of South Charleston. Witnesses say the boy ran in front of the car.

LEGAL FIGHT OVER

BECKER IS STARTED

(By-United Press.)
New York Sept. 3.—A bitter legal fight revolving itself about Police Lieutenant Becker, marked today's developments in the police graft scandal. This was the real opening of the fight to punish the alleged grafters in the police department. Justice Goff began his extraordinary term of the supreme court, ordered by Gov. Dix to get at the bottom of the graft charges by means of John Doe proceedings, before a special grand jury.

District Attorney Whitman started the machinery of his office to have the Becker trial transferred from the general sessions court to that presided over by Goff. John F. McIntyre, chief attorney for Becker, seeking delay, objected to the motion to transfer.

To Increase the Habit of Saving

Makes it possible to increase the habit of home owning. The Lima Home and Savings Association solicits more deposits from boys and girls, from the employees of the shops and factories and clerks of Lima and from the farmers of Allen and surrounding counties. This Association is being called upon to make more loans for the purpose of building homes than it has money to supply. Since the American Home is the Safeguard of American Liberty, every possessor of an idle dollar can contribute to a worthy cause by depositing it with an institution that believes in paying a rate of interest that is worth while. These idle dollars when accumulated will be loaned out to those wishing to on their own homes. Our 5 per cent rate of interest, compounded semi-annually, has been paid for many years, and this rate will be continued. Investigate our plan. THE LIMA HOME AND SAVING ASSOCIATION
